Web developer (Yat Institute ) 2021

.Net full stack developer (New Horizons ) 2019-2020

## PROJECTS

---

### Portfolio

To display all of my projects on it using (.Net core mvc - Mssql - EF core code first - Linq - Repository pattern - Onion architecture)

### Navy Erp System

Manage and controller all of the unit files , with login functionality , Assign files to officers ,each officer can only see his own files with a reminder if he didn't respond to a file , got 4 levels of authentication (Admin - Head department - Officer - User)

using(Asp.Net core mvc - CQRS - MeditR - Fluent API - Fluent Validation - AutoMapper - Nlog - Repository pattern - Onion architecture - Mssql - EF core - Linq - Lazy loading)

### Social media

social media API user can meet new people and communicate with each other , can login and register , like profiles and got private massaging system

using(Asp.net 5 API - Ef core code first - Mssql - Bootstrap - Jwt - Automapper - SignalR - Repostiory pattern - All in one architecture )

## LANGUAGE SKILLS

---

Mother tongue(s): **Arabic**

Other language(s): **English**

## **MILITARY SERVICE STATUS**

---

Completed
